GENERAL CHAFFEE TO LEAVE PHILIPPINES

Relieved of That Command and Given Charge of Department of the East.

General MacArthur Will Assume Control at Governor's Island Until Chaffee Returns From Manila.

Washington, July 14.-General Chaffee has been relieved of command in the Philippines and ordered to the command of the Department of the East, by an order issued to-day by Secretary Root. The order is as follows: By direction of the President, Major General George W. Davis will relieve Major General Chaffee of the command of the Division of the Philippines September 30, 1902. On being relieved, General Chaffee will, with his authorized aid, repair to Governor's Island, New York, and assume command of the Department of the East."

A few days ago General Chaffee was cabled that he could have either the command of the Department of the East or the Department of the Lakes if he desired to come home at this time. He was informed that the retirement of General Brooke afforded an opportunity of either change he desired. The cablegram closed with a commendation of General Chaffeo's character and his serv-

A reply was received from General Chaffee stating that he left the matter entirely with the department, but that he preferred New York in case he was relieved from the Philippine service. It was thought September 30 would be a good date to make any change in the Philippines. These dispatches were sent to President Roosevelt at Oyster Bay, who conferred with Secretary Root, and the latter caused the order to be issued relieving General Chaffee of the command of the Philippines and placing General Duvis in command.

General MacArthur has been asked to take command of the Department of the East when General Brooke retires, until he can be relieved by General Chaffee. The status of the commanders of the Department of the East, as qualified by this

last order, is as follows: General Brooke is at present in command. but he is to retire at the end of the present month. General MacArthur is in command of the Department of the Lakes at Chi cago, but he will be temporarily ordered to New York, after General Brooke's retirement, to command the Department of the East, while the combined maneuvers are going on. He will retain the command until relieved by General Chaffee, probably about November next, when it is expected General MacArthur will return to his present command in Chicago.

MRS. O'LEARY STILL IN JAIL Woman's Tears Moved Prosecutor. but Not the Court.

James and Annie O'Leary and Philip Clark, who were arrested Sunday evening in Eugebrook on a charge of disturbing to peace, were arraigned in Clayton yesterday before Justice Hansmann of Maplewood Both men pleaded guilty. But when Annie O'Leary, who claims to be James O'Leary's wife, was brought before the court, there

wife, was brought before the court, there were some interesting occurrences.

Mr. Warfield, State Attorney, grew sarcastic while addressing the defendant, and assured her that all concerned had the highest regard for her character. Mrs. O'Leary began to cry. Her tears proved her strongest weapon, for the attorney seemed to relent and offered to let her go without bond, provided she would promise to appear next Monday. This Mrs. O'Leary gladly promised.

without bond, provided she would promised.

Then Mr. Warfield had a tilt with the court. Justice Hansmann declined to let the woman go on her own recognizance and insisted that she be taken back to jail. He said he was not certain that she would keep her promise and appear next Monday. Mr. Warfield hotly replied that he didn't care if she never appeared. Mr. Hansmann had his way, however, and the woman was led, crying, back to her cell.

Justice Hansmann set July 25 for the trials of the prisoners. Later he announced that they had all decided to plead guilty and that the men had been fined \$10 ench and the woman \$5. The first plea of guilty made by the men was accepted at the time, but a few minutes efterwards the court announced that the fine of \$10 was too light, and he would try them all together. The fine was suggested by Mr. Warfield.

Electric or horse power will be used if the franchise is granted. Mr. Greensfelder stated to the court that the people living along the Oilve street road would join with him in laying the tracks for the entire dishim in laying the tracks for the entire distance, which is about three miles. He said they were compelled to take this action to get transportation to St. Louis. Heretofore the business men of that vicinity, a large number of whom have offices in St. Louis, have depended on the St. Louis, Kansas City and Colorado Raliroad, which ran a train into St. Louis in the morning and out of the city in the evening. Recently this arrangement has been reversed. The trains now run out in the morning and in in the evening, which makes them useless for their former patrons.

in the evening, which makes them useless for their former patrons.

Mr. Greensfelder said the new arrangement has been productive of a great deal of inconvenience. Mail and express delivery by this route has been practically stopped. A large number of dairymen, who formerly shipped their milk to St. Louis in the morning, are now compelled to ship it the night before, and go to extra expenses after it reaches St. Louis to keep it from spoiling The petition was received and filed.

It is evident that the Meriwether forces are preparing to capture the State Convention of the Public Ownership party, which is announced to meet at 10 s. m. Thursday at Uhrig's Cave. The evidence as to the intent of the Meriwetherites is contained in a circular letter signed by Lee Meriwether, chalrman of the Executive Committee of the Public Ownership party. This notification is being addressed to various persons who are supposed to be friendly to the Meriwether wing. It directs attention to a call for a meeting held Sunday at 10 s. m. in room No. 40 Emilie building. The letter contains this significant clause: "If you cannot come notify me by postal, so that I may have time to invite another representative from your ward. If previous engagement prevents your coming on this particular date, let me know and I will send you invitation for a future conference. You are at liberty to bring a friend if you wish, but do not mention the matter publicly, as the conference is strictly confidential." Conference of Meriwether Men.

WU HAS GREAT WORK BEFORE HIM AT HOME

Upon His Return to China He Will Set About Putting Empire on Firm Financial Basis.

MAJ. GEN. DAVIS SUCCEEDS HIM. QUALIFIED TO WORK REFORMS.

Believes His Country Needs Above All Other Things Education, Railways and Newspapers - May Write Two Books.

The Republic Bureau, 14th St. and Pennsylvania Ave. Washington, July 14.—Minister Wu Tingfang of China is busily engaged in arranging the business of his embassy so that he will be in readiness to return to China when his successor arrives here, leaving his office in the very best condition for the new Minister to take up the work that Minister Wu has conducted for the past five years.

Minister Wu's return to China is regarded by statesmen in this country as one of the nost important events that could happen for the Celestial Empire and as likely to result in the greatest benefit to China. He has proved himself to be a diplomat of the highest order, and it is generally considered that his personal influence, which was only possible to one who had come into close contact with the people here and had gained their good will, was instrumental in accomplishing much for the benefit of China during the negotiations that were pending when the dismemberment of the Empire seemed approaching

Three Things Needed by Chins. "What I hope for above all else," said Minister Wu to-day, "is to see my country

placed on a firm financial basis, "There are three important things for China," continued the Minister, "They are education, rallways and newspapers. would like to see China improve in these things because China has need of good men, and the way to get good men is to have good education. We ought to have more schools in China and more young men studying in Europe and the United States. I should like to have schools in China as you have them in your country. We ought to have a system of popular education, so that every one can be educated. We want our people educated.

"Then we want more railroads. Ruffreads are a means of education also. They allow people to travel and allow those of one town to come in contact with people of other towns. That is education.

"The third of the pre-eminently important things is the newspapers. We want highclass newspapers in China. That is another form of education. They must be conducted in a proper way."

Hopes to Write Two Books.

Just how Minister Wu will proceed to assist in bringing about the improvements he hopes to see adopted in Chinca he has not determined. He proposes loing what he can to that end. The Government is building all the railroads there, and it is an historical fact that the first rallroad in China was undertaken as the result of Mr. Wu's advocacy.

The Government will also do what is to be done for education. The newspapers will probably be the outgrowth of encouraging influences, rather than governmental appropriation.

Minister Wu has in mind, if he car two books-one on America, for publication in this country, and one on his observations outside of China, for publication in Chinese.

These will be separate. The publication in Chinese will have for its object the propaganda of Mr. Wu's ideas for the advancement of his country, which, in book form, could be carried to every enlightened Chinaman. While he would like to enter upon this work, he has no very great hope that he will be able to do it. The work of codifying the laws of China and the introduction of European and American ideals in them will occupy his time almost exclusively for two years to come.

"We have ambition to do many things," he said to-day, when the possibility of writing these books was referred to, life is very short, and there is not time for many things."

WANTED-TWELVE YOUNG MEN TO EAT FOR SALARY.

Government Desirous of Knowing Effeet of "Doctored Food," Will Adopt Novel Experiment.

REPUBLIC SPECIAL.

Washington, July 14 .- "Wanted-A dozen healthy young men; nothing to do but eat. Apply Doctor H. W. Wiley, Chief Chemist, Agricultural Department."

This advertisement has not been issued, but it probably will be soon. While the young men finally selected will indeed have "nothing to do but eat," it will be carefully explained to them that their food may at times be poisoned. In fact, they are needed in order to find out just how much injury may come to the human system by eating food that has been artificially colored

or preserved. Congress recently directed the Depart-ment of Agriculture to investigate and report the effect of eating such foods, and Dr. Wiley will conduct the inquiry. He proposed to feed a dozen healthy young men for ten days upon food products that have been suspected of having been "doctored" with preservatives or coloring mat-ter, and study the effect upon digestion

and general health. Then he will feed them for a similar time upon normal food products. The result will be reported to Congress.

The purpose of the investigation, outside of determining whether the various pre-servatives used are really injurious to health, is to determine whether there is any

ground for retailiatory legislation against the countries which have discriminated the countries which have against American products. Germany has a law, which will go into effect in a few days, excluding from that country all American meats that have been treated with borax. Germany leads all the other countries in importing.

GORDON IS HELD ON MURCER CHARGE

Justice Boggs Adnits Him to Nine Thousand Dolars Bail for Doeling Killing.

REPUBLIC SPECIAL Columbia, Mo., July 14.-The preliminary searing of Fleetwood Sordon for the killing of Hugo G. Doeling was completed to

arguments of the attorneys. Gordon, having made no defense, the only question before the court was whether the case was ballable. The prosecution urged that a clear case of murder in the first degree had been shown, while the defense laid stress on the fact that Doeling admitted in his dying statement that he struck the first blow. They also pointed to the statement of George Burroughs that the men were engaged in a fight before Gordon cursed

Doeling. In reply, the prosecution maintained that Doeling did not strike Gordon until the latter had provoked him by a curse.

After hearing the arguments, Justice J.
E. Hoggs, before whom the case was tried, decided to hold Gordon on the charge of murser in the second degree, and to release him on 50,000 bond. The bond was furnished, and Gordon went home with his father.

FAULKNER'S TRIAL TO BEGIN THURSDAY

Motion to Disqualify Judge Douglas Overruled-Nicolaus Gets Continuance-Snyder Trial.

Harry A. Faulkner, member of the House of Delegates, yesterday filed a motion to disqualify Judge Walter B. Douglas from sitting in his triel on the charge of perjury, day. No new evidence was introduced, the which is set for Thursday, July 17. Judge time of the court being taken up by the Douglas overruled the motion immediately and ordered a venire of fifty special jurors from which twelve will be selected.

Faulkner filed an affidavit signed by Henry Bischoff, president of the St. Louis Dressed Beef and Provision Company, and Lawrence Harrigan, son of Former Chief of Police Lawrence Hurrigan. Both swore that in their opinion Faulkner would be unable to obtain a fair and impartial trial under Judge Douglas.

Several weeks ago Judge Ryan disqualified h mself from sitting in Faulkner's case and sent it to Judge Dougias.

The case against Faulkner grows out of the Suburban Railway bribery deal, and it s charged that the Delegate gave false as charged that the Delegate gave false testimony to the Grand Jury about the matter. Policeman John O'Brien of the Ninth District with assault and battery.

Franke was accompanied to the Four Courts by John Ferber, saloonkeeper at No. 2502 Cass avenue; Frank Hender, No. 2502 Cass avenue, and John McGrath of No. 1505 Bacon street. Frank's left ankle was badly swollen and he could barely walk up the stairs leading to Colonel Johnson's office. Both of McGrath's eyes were blackened. They attributed their injuries to Policeman O'Brien's blows, which they declare were delivered without provocation. Bender substantiated their statements.

Franke stated that he and the others were drinking at Ferber's bar, when Policeman O'Brien began beating them. McGrath stated that he had asked O'Brien a few minutes before why he was beating Peter McDonald of No. 250 Cass avenue in front of the saloon. This he said, angered the policeman, who threatened and did beat him. Assistant Prosecuting Attorney Johnson has asked Captain Gaffney for a report on the occurrence and told Franke and McGrath to return to his office to-morrow. McGrath and Franke stated that the Board of Police Commissioners.
